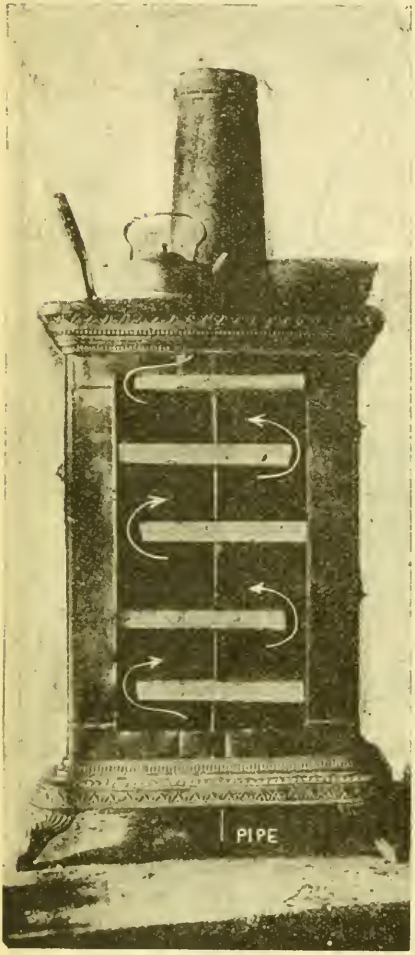
Have you seen

PUTNAM'S SOAPSTONE HEAT RETAINER?

...It saves fuel and adds comfort to the home...



IMPORTANT ACTION OF THE BOARD OF FIRE UNDERWRITERS.

Saratoga Springs, N. Y.,
April 5, 1893.

At a meeting of the Saratoga Springs Board of Underwriters, held on April 5, 1893, the following resolution was unanimously adopted:

Resolved, That upon investigation, it is the opinion of this Board that the use of the Putnam Soapstone Heat Retainer materially lessens the danger from fire.

CHARLES E. HARTWELL, Pres.
B. H. SEARING, Secretary.

***

Saratoga Springs, N. Y.,
March 31, 1893.

MR. ABEL PUTNAM, JR.

Dear Sir:—I have used one of your Soapstone Heat Retainers in my house for over a year, and find that it does the work of a stove and requires no care and attention, giving out an even heat and making the room the warmest in my house. Yours truly,

MRS. C. O. VAN DORN.

***

MR. ABEL PUTNAM, JR.

Dear Sir:—I have used one of your Soapstone Heaters the past three years with great satisfaction. It saves one fire which I would have to use to heat two bedrooms if the heater was not in use. Respectfully,

J. H. COZZENS.

***

Saratoga Springs, N. Y.,
April 22, 1893.

MR. ABEL PUTNAM, JR.

Dear Sir:—During the extreme cold winter of 1892-93, your Heat Retainer has warmed a room well, without any additional cost. The heat saved would cost as much as the Heater, and there was no gas, no smoke, no dust, and no ash-pan.

OLIVER B. KIPP.

***

Saratoga Springs, N. Y.,
Jan. 15, 1894.

MR. ABEL PUTNAM, JR.

Dear Sir:—I have used your Soapstone Heat Retainer and think it is the best investment that I ever made. It costs nothing to run it and it makes no dust and the heat is of the best. It has warmed four sleeping rooms and made them comfortable night and day. The secret is it catches and retains the heat that would otherwise escape and be lost going up the chimney. I can honestly recommend them to anybody wishing to warm their rooms at no extra cost or trouble. One of the Heaters will pay for itself in one year.

J. F. POWELL.

***

Saratoga Springs, N. Y., April 3, 1893.

MR. ABEL PUTNAM, JR.

Dear Sir:—I have used one of your Soapstone Heat Retainers for three years. It has proved perfectly satisfactory, heating the room nicely and saving me several tons of coal during the winter, besides requiring no care. Very truly,

G. D. SMITH.

BROADWAY CENTRAL HOTEL, Tilly Haynes, Prop'r.

BROADWAY, from the Broadway Central Hotel to Grace Church, Bond Street to Tenth Street.

The largest and most centrally located hotel in New York City.
The most comfortable and homelike in the world, ...

THE BROADWAY CENTRAL HOTEL (American and European plans), at 665 to 675 Broadway, opposite Bond Street, is probably the largest public House in New York. On this site the La Farge House was opened in 1856. Back of the hotel stood Tripler Hall, remodelled into Burton's New London Theatre and subsequently into the Winter Garden, burnt in 1869. The grand dining hall now occupies the locality made famous by Jenny Lind, Edwin Booth, Adelina Patti and Rachel. The Broadway Central originally cost $2,000,000 and the Hon. Tilly Haynes expended a quarter of a million more in modernizing it in 1892. It is admirably protected against fires. Its cuisine is noted for its excellence. From this central locality one has easy access to the elevated and the cable cars. Guests can get rooms on the European plan for $1.00 a day upward; or full board on the American plan for from $2.00 a day upward.—*From King's Hand Book, New York City.*
